A Letter from our CEO

Dear valued customers, employees and partners,

From our humble beginnings in 2000, we have grown to become a leading supplier of high-quality building, finishing and furnishing materials in Tanzania. Our product portfolio includes a wide range of products such as Tiles, Sanitary Ware, Bathrooms, Kitchens, Paints & Plasters, Marble, Granite, Quartz, Wrought Iron & Stainless Steel fabrication, innovative construction, and so much more.

As we continue to grow, we remain committed to our core values of integrity, honesty, quality, design, efficiency, durability and value for money. These values are at the heart of everything we do, and we strive to ensure that they are reflected in everything we offer.

Spanish Tiles & Sanitary Ware is proud to have world-class showroom displays across Tanzania in Arusha, Dar es Salaam & Dodoma. Our showrooms are a testament to the quality of our products and the level of professionalism we offer, and are designed to help customers make the right decisions about their purchases.

We are also proud to be a part of the development of Tanzania, and we believe that fostering growth across tilers, painters, technicians & plumbers is an extremely important aspect of our business. We are dedicated to providing training and resources to these individuals, so that they can start their own independent businesses and contribute to the growth of the economy in Tanzania.

We have seen the country grow and change over the years, and we are excited to be a part of that growth. Spanish Tiles & Sanitary Ware has played a small but significant role in the development of the building and construction industry in Tanzania, and we are proud to remain the number one choice for safari lodges across the country, from the Serengeti to Ngorongoro and Tarangire.

We are also committed to keeping up with the latest trends and advancements in technology. Today we use AI to redefine design: our customers can see our tiles, paints and finishes in a photo of their own space before they buy, so every choice is made with confidence.

I extend my gratitude to our customers for choosing Spanish Tiles & Sanitary Ware as their go-to supplier for building, finishing and furnishing materials. We are committed to providing our customers with the best products and services, and we are always looking for ways to improve and to meet their evolving needs.

I also want to thank my team for their hard work and dedication. We could not have grown and developed without them. We will continue to invest in our staff, and we are committed to a positive and inclusive work environment that promotes personal and professional growth.

As I look to the future, I am filled with both optimism and excitement for Tanzania and for the continued success of Spanish Tiles & Sanitary Ware, as we continue to serve our valued customers and build a brighter future for our beloved country. Our proud achievements to date are only a glimpse of what is yet to come.

Bobby Chadha
CEO, Spanish Tiles & Sanitary Ware

We design your world

And we like to do it perfectly

We think creatively for our customers

To consistently deliver superior quality and beautifully designed building materials that epitomise durability, design, efficiency and true value for money. We aim to empower our customers with products and services that not only meet their needs but elevate the way they live.

We have a vision

To be recognised as Tanzania's premier supplier of building and finishing materials, setting the standard for innovation and quality while fostering growth in our community and the nation at large: a name synonymous with trust, expertise and excellence in Tanzania and beyond.

> *"Motivation is the catalysing ingredient for every successful innovation."*

"We are driven by creating experiences that deliver results for your business and for your clients."

A solid future based on strong foundations

Solid foundation

Founded in 2000, Spanish Tiles & Sanitary Ware is built on dedication, innovation and commitment. Our CEO, Mr. Bobby Chadha, brings almost three decades of experience in construction and engineering to every project we take on.

Always growing

From our first counter in Arusha to world-class showrooms in Arusha, Dar es Salaam and Dodoma, our journey has been one of continuous evolution, always led by the needs and ambitions of our customers.

National investment

Our pride lies not only in the products we offer but in our lasting connection to Tanzania. We have watched the country grow and are proud to have contributed to its building and construction industry.

Looking to the future

More than a business, we see our role in nurturing the next generation of tilers, painters, technicians and plumbers, with the resources and training to build their own futures.

In summary

A heartfelt thank you to our customers and our team for partnering in this journey. With unwavering focus on integrity, honesty and quality, we look forward to scaling new heights and further enriching the Tanzanian landscape. Our past achievements are merely the foundation; together, we build a brighter, stronger future for our nation.

DESIGNING WITH AI

Using AI to redefine design

Choosing a floor, a wall colour or a bathroom used to mean imagining it. Now you can see it.

See it in your space

Send us a photo of your room. Our design team shows our tiles, paints and sanitaryware in it, before you buy.

Faster, surer decisions

Compare a marble look with a concrete one, or a new vanity with the old, side by side.

Real products only

Every visual uses products we stock, in their real colours and sizes.

Our Valued Partners

The importance of our partners and suppliers cannot be overstated when it comes to our success. Their creativity, experience and innovation allow us to offer solutions others can only dream of.

Our international suppliers bring a wealth of research and development, and Spanish Tiles has used that same expertise to deliver building and finishing solutions that are second to none in East Africa.

As we grow, so do our relationships. We choose partners for the quality of their products and the best-fit solutions they offer our clients, and we are delighted to present them here.

Kalekim

SOLE DISTRIBUTOR IN TANZANIA

Spanish Tiles is proud to be the sole distributor of Kalekim in Tanzania.

Founded in 1973 as part of the Kale Group, one of Turkey's largest industrial groups, Kalekim was the first manufacturer of tile adhesives and grouts in Turkey. Today it produces around 900,000 tonnes of construction chemicals and 100,000 tonnes of paint a year, trusted across Europe, the Middle East and East Africa.

A tile is only as good as what lies beneath it. Kalekim gives our tilers, contractors and painters one complete system, from the adhesive and the grout to the waterproofing and the final decorative coat.

KALEKIM · ONE SYSTEM, EVERY SURFACE

Everything under, between and on top of the tile

Tile adhesives

Kalekim 1952, Kalesuper 180 and Technoflex: standard, flexible and large-format adhesives, including pool and exterior grades.

Grouts

Fine and coarse grouts in colour, Fugapool for swimming pools, and epoxy grout for kitchens and pools.

Waterproofing

Izoseal, Izolatex and Elasticool membranes for wet rooms, terraces, roofs, tanks and pools.

Decorative finishes

Aura pearl paints, Drewa marble-chip plaster, Minart mineral facade coatings, Stucco, Antique and Betonart effects.

Primers & renders

Silastar silicone primers and the undercoats that make every finish last.
